Control Idea Assessment

Day 6

10.2023

When on this - Everything you don't want to know about fast food

3.
P130: "when a researcher at Howard Medical school performed a chemical analysis of McNuggets, he discovered that they contained many of the same unhealthy fats as beef."

4.
P133: "these chickens will never see grass in their entire lives." Norwich says these chicken are made into McNuggets.

Reasoning:

1. people that have cars just park their cars in the car hops and order there, it makes people lazy and it's bad.
2. Strawberry milkshakes contain 40+ chemicals that could harm people's bodies.
3. McNuggets contain unhealthy fat as beef. This could increase the blood fat in human body.
4. There are 30,000 ~~thousands~~ chickens trapped each time, and it is destroying the environment because there are less chickens to eat worms and worms could become large, the number of
