85%

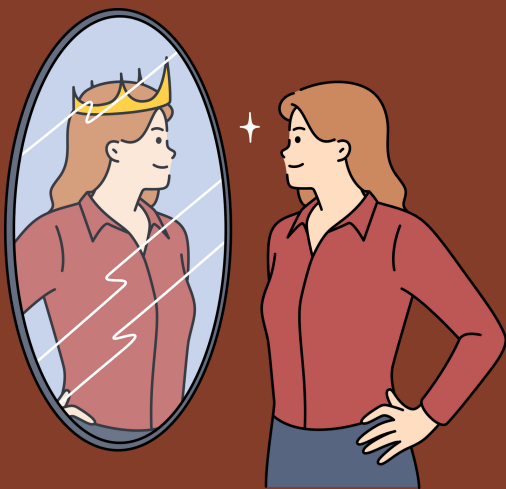

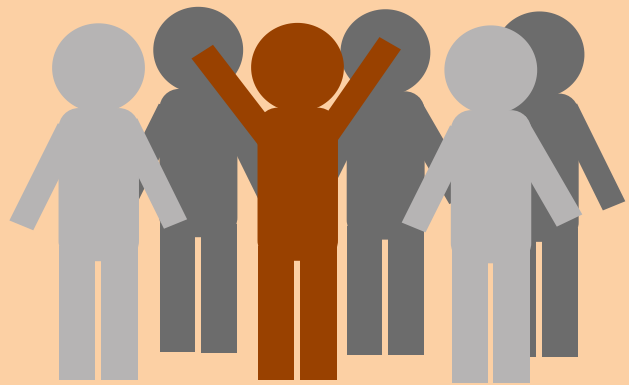

## SECULARISM

Separating religion from important things like education and politics because religion is going to effect the perspectives on these things.

## INDIVIDUALISM

Dependent on ourselves like doing things on our own. It doesn't mean you are going to be what you were born into. If you make enough money, then you can be just like the people above you.

## DIGNITY OF MEN

Having big achievements for dignity like being head of everything so people respect you. One of the things is money, if you have enough money, then you have enough dignity, and other people will respect you.

## QUESTION EVERYTHING

Asks philosophical questions because there are so many things they don't know. And they started to have a basic understanding of how even the eldest people doesn't know everything.

## ANCIENT IDEAS TO WORK

Uses Ancient Greek and Roman ideas during the present, and improving based on them. The society in Greece and Rome was much better than before the Renaissance, and so the philosophers tried to change that.
