

Perspective + Arguments (Town Hall)

DATE

NO.

Lead [ME]

- explain how Henrietta's childhood went down
- Put listeners in Henrietta's shoes
- Explain why medical consent important

First point [NUNIV]

- Some people have realized the importance of medical consent

[Her evidence] - could

This proves our point because [Her reasoning]

Rebuttal [ME]

- consent was slow and forms weren't always available
- without consent, situations like Henrietta's can occur (better safe than sorry)
- lack of consent leads to bad public image

Evidence: Page 133 "Hymn compared Southam's study to Nazi research and got affidavits from the three doctors ... described Southam's research using words like illegal, immoral, and deplorable"

Ending [Together]

- restate all points
- Say "Thank You" to finish
