

Am I a Humanist?

5/5

Individualism

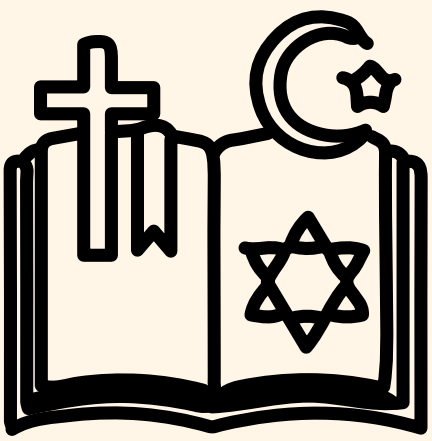

In feudal times, people thought that individual achievements are better than person's class or family's achievements.

2/5

Religious Faith

A lot of people were believing in gods. The church taught people that laws are made by gods. They thought that their life after death is important than the life in Earth.

5/5

Education

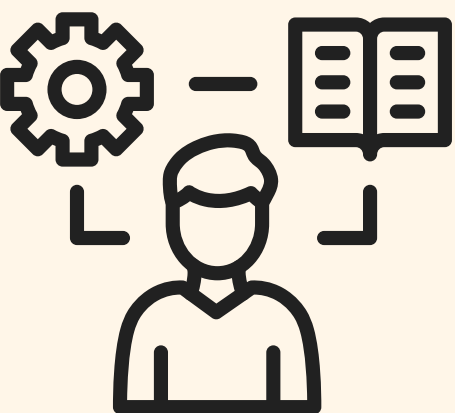

In feudal times, people studied about human life and culture. By studying, they discovered a new way of looking at life. Scholars from Europe traveled to Italy to learn about classical culture.

4/5

Ancient Ideas into Practice

Humanists tried to put Ancient Ideas into Practice. They tried to work on Romans and Greeks. In universities, scholars taught methods of observations.

I am 80% humanist
